PLAN FOR COMPLETION OF THE MUNICIPAL AUDITORIUM

Committee from Chamber of Commerce Confers with Committee from Council

WOULD BE SPLENDID ASSET

The Municipal Auditorium Committee consisting of S. W. Sharpnack K W. Erown, John Steinbaugh, A. M. Marshall, and C. S. McKean, met Wednesday evening in the Chamber of Commerce room in conjunction with the Finance Commitee of Council, for which council has appropriated $4,000 for its completion. It was thought wise for the Chamber of Commerce to assume the supervision of the Municipal Auditorium after its completion and that the revenue derived therefrom would be turned over to Council in regular installments to help pay for the cost of the auditorium. However, the contract for the auditorium will be made by the Borough Council and then the Chamber of Commerce will enter into an agreement with the Council for the payment of the remainder of the cost. The Council has now referred this whole matter to the Real Estate Committee of Council consisting of Messrs. Newton. Repman and Duvall, who will work jointly with the Municipal Auditorium Committee of the Chamber of Commerce. These two latter committees will meet with the Board of Directors of the Chamber of Commerce on Thursday. April 21, at 4:00 p. m. to make their final plans and enter into the proper contract.

A great deal of material on Municipal auditoriums has been gathered and is on file at the Chamber of Commerce where it may be made available to any one who wishes access to it. The municipal auditorium is proving a significant factor in community life in the United States as municipalities are beginning to realize the numerous advantages that may be enjoyed because of the erection of these buildings which form a convenient meeting place for the staging of various community activities. A recent survey of cities in this country shows that approximately forty cities have municipal auditoriums, and in addition there are about twenty-five that have auditoriums in their community buildings. These buildings are used as theatres, lecture and concert halls, for exhibitions, and for the staging of numerous other activities. One of the most usual features of most municipal auditoriums is the provision made for staging theatrical enterprises, both local amateur and commercial undertakings.

Clearly the most important matter in connection with an auditorium is not the building, but the use to which it is put. It should become an institution. When it becomes the center of the community life, when it is used by the entire community as a source of enjoyment and civic endeavor, then only has it realized its numerous possibilities.

WANT RIVER BRIDGE OVER MONONGAHELA

The Chamber of Commerce of McKeesport has appealed to Secretary of War Weeks for the approval of the plans for the Glassport-Wilson bridge over the Monongahela river on merit alone. The McKeesport organization points out that the approval of the plans of the proposed structure were held up by former Secretary Baker in order to compel a raising of the bridges over the Allegheny. McKeesport wants the question settled strictly on conditions as they apply locally.

IMPORTANT DECISION IN TRUCK LOAD CASE

In the case of the commonwealth against A. E. Sphar, charged with a violation of the motor vehicle laws, in that he, the owner of a White truck, of which the gross maximum weight as certified by the manufacturer, is 9,500 pounds, did unlawfully carry thereon or caused to be carried thereon a load in excess of the capacity—in the matter of the motion of the defendant's counsel that the defendant be discharged from his recognizance and that he be allowed to go "without a day," the court handed down an opinion. written by Judge McIlvaine. Judge Brownson concurring.

The court says that "At all events we are satisfied that the facts admitted by the defendant did not make him guilty of a misdemeanor created by the 24th section of the Act of June 30, 1919, and that he should be discharged." Judge Frownson holds the defendant is not guilty of any offense under the act.

It appears in this case the maximum weight certified by the manufacturer of the truck owned and operateed by Mr. Sphar was 9,150 pounds. He was held for overloading the truck in that he had on it 10,500 pounds, which included the weight of the chassis and body. The truck was registered under what the act designates as Class A-55. The maximum weight allowed under the act for Class A trucks is 11,000 pounds.

The court holds that the maximum weight to be considered in the case is the one fixed by the act and not by the manufacturer of trucks, and consequently the defendant had not violated the law.

In the case of the commonwealth against T. J. Crombie, the court rules in favor of the defendant, in that the act does not provide a penalty for a truck owner failing to paint on the outside of the motor its maximum capacity. The act provides a penalty for removing or disfiguring such figures, once they are already placed. that Mr. Crombie had never painted the figures on the outside of his trucks the court holds he is not guilty of a misdemeanor.

Born—To Mr. and Mrs. Ernest Fiori, April 14—a daughter.

Holding Hearing on Speers-Coal Center Road Crossings

The county commissioners were in Pittsburg today where they met the Public Service Commission in the matter of the abolition of the grade crossings on the Speers-Coal Centre road, which it is proposed to improve. The crossings in question are those on the route of the proposed improvement between Speers and Allenport, and affect both railroad and street car lines.

On Tuesday representatives of the Pittsburg Steel Products company which is now extending its plant at Allenport, met with the commissioners at Washington relative to a proposed change in the route of the the road through their property. An agreement has about been closed covering this proposed change. The proposition is to relocate the road nearer the hillside and west for some distance of the present road. The company desires this change in order to secure more room for the railroad yards, and for an additional proposed mill.

To allow the old road to remain where it is would require the removal of about 5,000 yards of dirt, while the change will mean the removal of over 20,000 yards of grading. A tentative agreement was reached with a former board of commissioners whereby the county agreed to pay so much, Allen township a certain sum and the steel company the balance. The cost of changing the road will be between $25,000 and $30,000.

The proposition now is that the county pay $7,500, the township a similar amount and the steel company will pay the balance. The commissioners consider the matter from the standpoint that the steel company is a valuable property holder, pays heavy taxes, and with the erection of additional mills, will be even a heavier contributor to the treasury of the country. The matter will probably be closed up at another meeting to be held in a few days, when the proposed location of the new road will be looked over again, and the company's proposition further considered.

MONESSEN ELKS INSTALL OFFICERS

The installation of officers by Monessen Elks on Wednesday evening, was made quite an event by that organization. it being estimated that at least five hundred members were in attendance from up and down the valley. Quite a number from Charleroi lodge witnessed the ceremonies, and were afterward guests at the social hour, when a fine lunch was served and a cabaret entertainment presented. The Monessen Elks stage their annual minstrel show this evening and Friday evening, and the event will be preceded by a street parade this evening.

NEW SCHEDULE FOR APRIL 24th

It is reported that the new spring schedule on the Pennsylvania lines will take effect on Sunday, April 24, and that generally the changes will conform to the requirements of daylight saving, which will go into effect in the Pittsburgh district on that date.

Notice P. H. C. Members.

LADIES' AID SOCIETY OF ST. JEROME'S CHURCH WILL HOLD A SEWING AND FANCY WORK SALE FRIDAY AFTERNOON AND EVENING, APRIL 15, BEGINNING AT 2 P. M. LYCEUM OF CHURCH. 263t3

BOYS POISONED BY WILD PARSNIPS

Six boys, ranging in ages from 8 to 12, who live in the third McMahan district back of Monessen, while out in the country a short distance Wednesday afternoon, came upon some wild parsnips. One boy began eating one of the vegetables, and the taste appealing to him, he told the other boys, and they all supplied themselves with the root to enjoy what they thought was something good. In a few minutes all of the boys were taken very sick and began vomiting. They made their way home, and their parents, seeing the lads were deathly sick, summoned a physician. With the aid of a stomach pump and proper medicines the boys were placed beyond danger, but all of them were put to bed to await full recovery. The parents were very much alarmed for a time, but the incident caused considerable excitement in the immediate vicinity of the boys' homes.

Carl Gordon Salyers

Carl Gordon, infant son of Mr. and Mrs. George Salyers, died this morning at 7:45, at the family home, 405 Fallowfield avenue, aged one year and two months. Funeral services on Saturday afternoon at 3 o'clock, interment in Little Redstone cemetery.

Notice

On account of the Anniversary Dinner tonight, the Berryman store will close at 5 o'clock. 264t1-

COMMITTEE ON IRISH RELIEF MEETING WITH MUCH SUCCESS

ANOTHER COKE PLANT RESUMING OPERATIONS

After being practically closed down for the past two months, 320 ovens of the Redstone Coal and Coke company's plant, at Thompson No. 1, Fayette county, were fired Tuesday morning. The return to active operations will give steady employment to about 500 men. The men return to work accepting the readjusted scale wages. The plant has only been operating a minor number of ovens about one day a week for the past two months.

BOWLING CONTEST CLOSED BY ELKS

A bowling tournament which has been under way at the Elks' bowling alleys for some time, ended Tuesday night, at which time the winners were announced.

In the singles, the high scores were Hess 511, Hall 499, Piersol 434, S. Piersol 430.

In the doubles, Hess and Reeves 1006, H. A. Russell and Arch Osborne 959, Momer and Hasters 951, F Piersol and Hess 945.

Five-men team, Osborne 378, F. Piersol 487, H. A. Russell 465, Momer 453, S. Piersol 487, total 2210.

Five men team, Hess 459, Brown 538, F. Fieper 384, W. Campbell 520, H. A. Russell 479, total 2200.

Five men team, Hess 520, Williamson 408, Hall 405, Crawford 440, Campbell 427, total 2200.

Five men team, Osborne 434, Hess 407, F. Piersol 514, H. A. Russell 403, S. Piersol 406, total 2167.

The Charleroi Elks' bowlers have accepted a challenge issued by the Wilkinsburg lodge for a bowling contest between teams of six men each, and elimination contests are now under way at the local alleys. The date for the contest will be announced later.

FEW LOADED COAL CARS AT LAKE PORTS

On the eve of the opening of lake traffic, there are no loaded coal cars at the lake ports in Northern Ohio, or so few that lake ports may be said to be free of coal. There are few loaded coal cars on the sidetracks of Ohio and although miners have been idle for weeks there is little disposition to get coal loaded. No explanation has been offered as to the reason for the failure to load coal cars in anticipation of the opening of the lake trade, usually due about May 15, or sometimes as early as May 1.

Assistant County Superintendent H. S. Kuder, of Washington, visited the North Charleroi schools on Wednesday.

Charleroi Will Send a Good Sized Sum to Relief of Distressed

TWO MORE DAYS OF CANVASS

The committees for the drive for the suffering women and children of Ireland met last night at the office of M. T. Crowley on McKean avenue.

It was plainly shown at the meeting that if plenty of enthusiastic effort, good natured rivalry and determination to have Charleroi stand out in front counts for anything, this drive for the sufferers across the sea will be a success beyond the hopes of the general committee.

All these things were shown at the meeting last night. The ladies who are making the house to house canvass are doing their work in a systemmatic way and all of them were at the meeting to tell of their successes and failures whatever they happened to be.

So far as the drive has gone the efforts of those in charge have met with success and from all reports a nice sum will be realized in Charleroi and vicinity when the drive is finished and the collections have all been totaled up.

The next two days will see that hardest work of the campaign, for the women were instructed last night to go back over their district and find any of those who have been overlooked. Chairman Mogan said, "Our duty stands out before us plainly. Those poor people over there are pointing to us to give them assistance at this time. They need nourishment to sustain them, they need clothes to cover their little bodies. They need many things that we know nothing about. It is our duty to push this drive to a successful culmination, the same as our sister towns and cities are doing. We must do our duty as we see it and everyone on this committee will be expected to do that. If we do, when the job is finished, Charleroi will stand out in front, for this vicinity will support this drive as they have the many others."

INTERESTING MUSICAL IN BAPTIST CHURCH

Monday evening in the Baptist Church, the Monday Musical Club held their regular meeting. An interesting musical progam was given by the pupils of the following teachers, Mr. Weis, violin; Robert McGowan, Miss Della Jacobs, Mrs. Warren Kinder, and Miss Bethel Bowman, piano, and Mrs. Lewis, vocalist. Miss Virginia Mountsier, a student of Mr. Delmar Russell of Fittsburg rendered a piano solo. The entire program was interesting throughout and much credit is due the pupils and instructors who took part. A number of friends and those interested in music, together with the parents of the children, were present.

"Civilian Clothes," starring Thomas Meighan.
The story of a girl who married a captain's uniform and then had to live with a suit of cheap civies, but the same man was under both coats when he saw he had married a snob.

THE FRANKLIN

Less Expense, Less Trouble, Better Service

Franklin economy is enough in itself to justify your choosing a Franklin these days. New conditions have given a new significance to the familiar Franklin figures below.

Yet economy was never the only aim—nor the only good result, of the Franklin. The principles behind it were adopted, and continued, for the superior service they gave in other ways, too.

Light weight makes the Franklin easier and safer to handle as well as more economical of gasoline; flexibility makes it more comfortable as well as easier on tires; direct air cooling frees it from the annoyance as well as from the expense of radiator troubles.

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50 pc. slower yearly depreciation
